“ I met Danny in 2000 when I used to deliver to the Walmart distribution center in Clarksville Arkansas. I would bring in my paperwork to traffic office and Danny was always working. I Moved to Clarksville in 2003 and bought a home. My team driver lives in Clarksville and teaming up was easier with me living in Clarksville. Danny would stop over after work, and have coffee. About three teaspoons of sugar in each cup of coffee. About twice a week i would go have lunch with Danny. He loved eating out. The last 6 years we took trips together. One to New Orleans and five to Las Vegas. He loved Vegas. I moved back to Minneapolis last year June 2018. He was over when i was packing, and said he sure hated me leaving Clarksville. This last July was our last trip to Vegas. He got his first SS check in August. He was checking out some nice retirement places in Arizona. Danny called me on Wednesday the 13th and told me he had two months of pain in his elbow. He thought it was tennis elbow. Went to the doctor to find out he had cancer in his shoulder. The Doctor told Danny that it did not look good. Danny said a friend from Pine Bluff Arkansas was coming to stay with him for a few days. I don't know if that friend ever made it to Danny's. I talked to Danny for about twenty minutes. I told him i would call him everyday. If i had know he was so sick i would have came down to Ozark. The next day around noon the Franklin county sheriff's office called me. They found my number in Danny's wallet. They were looking for his family. I only knew of a Brother who he told me lived in Tupelo Mississippi. They then told me Danny was deceased. I couldn't believe what I was hearing. All I have now are the good memories of being Dannels friend. Rest in peace my friend. Will be friends again in the next life.

“ Danny and I worked together for many years at DC6082. We orderfilled together back in the good old days and worked many hours. He was the best dressed orderfiller I've ever seen. We also worked together in receiving in which it was always a pleasure for me since he was the best at what he did. Danny was a good man and a good friend and I will miss him dearly. Our deepest sympathy to the family. Lord, Please take care of our friend. Treat him with respect and kindness as he did for all of us for so many years.

“ I worked with Danny for years at the DC , he was an awesome person who made me feel comfortable and I knew i could always be myself around him . Danny was so funny and quick witted , me and him would cut up to the point I would be laughing so hard I would be in tears . The drivers loved Danny because he was always kind and treated them well . Danny was so thoughtful and kind , when one of us girls would get our nails or hair done Danny was always quick with a compliment because he always noticed the little things and wanted others to feel good about their selves . There will never be another Danny around here and he will be dearly missed we all loved him ! May he rest in peace ,and I'am truly sorry for your families lost !

“ I am so sorry for your loss.

I've worked with Danny for 26 years. He's been such a good friend all these years. Bless his heart, he's been there for me thru so many life changing experiences, like getting married, having babies, then listening to me talk about babies everyday, kids ball games, kids graduation, then missing kids when they went to college. He was a very genuine kind of guy. He was honest and always kind. We did have a great time working together, we all gave each other a hard time. Danny was known for strutting around like George Jefferson, his gold and of course his nice cars. Our office will not be the same without Danno. He will be missed greatly. I am blessed to have had all these years with that great man. Again, I am truly sorry for your loss.

“ Danny and I worked together many years ago, I was in customer service and he was in receiving. Danny and I became very good friends. Danny kept me in the loop so to speak. He always treated me with respect which was very rare in that office. Danny and I lost touch when I left the DC. I saw him one time since

then, we caught up a little and I gave him a hug and went on my way. Like the song says, I always thought I would see you again. Love you Danny, rest in peace my friend.

“ What I respected most about Danny other than he was just a dang nice guy was how well he represented himself. Danny was always well dressed, well mannered, took care of his cars, and respected his friends. Also his work ethic was unmatched. He came to work every day because that is what he said he would do. He worked extremely hard because that was the kind of man he was. He said what he meant and meant what he said.

DC 6082 had a huge loss when the good Lord called him home, but Heaven received a good man.

“ Your Walmart family misses you very much Danny. We just planted a dogwood tree in your memory on the DC grounds. Ordered a little memorial plaque to go with it, and was so disappointed that they didn't have a picture of a sports car to put on it!
