“ *"Our Mrs. Brooks" was such an important part of growing up. Alice was more than a super teacher because she truly cared for and loved all of us. She was another parent, a friend, helper and ALWAYS knew what was going on with each of us. She had a great spy network...our parents and friends. Our Mrs. Brooks helped shaped many, many people. She is part of who we are, of how we see the world and of how we live. Her students and friends live all over the world. When people ask the question, "How can we make the world a better place"...answer be like Alice Brooks. OUR Mrs. Brook, we thank you for caring and will miss you. My thoughts and sympathy to her family. Wishing peace, love and caring hugs for all.*
