“ *I just learned of the news of Bradley,s passing. I am very heart broken over this loss. I babysat him when he was a little boy and also taught him in sunday school. my favorite memory of him was he sat by me at church he wanted to sit by his Sunday school teacher. he shared how much I meant to him when I babysat for him and in sunday school. I got to see him again when he was 18 years old at the church I had attended. at the end of service he ran up and gave me a hug told me how much I meant to him. how happy he was to see me again. I never forgot him even when we lost touch. I always asked phyllis every chance I got how bradley was doing? I always wanted him to know I cared about him and how he always carries a special place in my heart. I am glad that I got to tell him that last I saw him. theres much more to say. I will writing to Kim and phyllis a letter personally. Bradley you are deeply loved and missed. you always carry a special place in m heart.*
