“ He were my every summer pastor growing up as a kid. I can remember my step brother and I riding bikes in the dirt road only to be exhausted by the summer heat. We stopped under a tree only to be invited by a passing truck to ride up to his house and get some water. His watermelons were the best as he gifted to the church. I can still hear him in church on the beginning of a new summer and first time of the year I were back sitting on a pew, only to see his big grin, hand reaching out to shake and CG saying, “Well look who it is, hello Bryan how are you”. It were always a pleasure to see CG. A good man might of been taken from this earth but he has been welcomed through God’s golden gates with all the other angels and servants of God. He will not be forgotten. God bless you CG, and the Fisher family.

“ He's been my hero from day #1! Everything I know that is good came from grandpa and granny. They worked tirelessly to ensure each member of the family felt they were special in their eyes and always pulled it off flawlessly. Everyone of their children and grandchildren think they are the "favorite" because they treated us all equally and he gave us all his love, every day. He taught me how to fish, how to pray, how to be a father, how to be a husband, how to farm the land and how to be a good human being. He taught me all of these lessons straight out of the bible. Not just me but grandpa would load 4 grandkids up in the cab of a pickup at 4 o'clock in the morning and head to Fayetteville up the old 71hwy in a pickup truck that the back bumper would almost drag the ground it was so loaded down with watermelons or tomatoes, sometimes both. The world lost a magnificent man but his grandchildren we all lost our hero. Heaven gained another angel and this angel is shoutin at the top of his lungs there's no doubt about that. I hope my children and grandchildren will think I'm 1/10 the man my grandpa was cause if they do I will have no doubt excelled in being a good human being.
