There was only one "Hammer" and you always knew when he was present. I became acquainted with Danny through softball in the early 80's and later I had the opportunity to officiate basketball with him. A true character that was a friend to many. You will be missed. Vicki and family, my prayer is that you find comfort and peace in this time of sorrow.

Hammer was a good friend for many years. He worked on several of my rigs over the years. The last one he fixed for me was my dad's 1967 C10 pickup that he had bought new. He took special care to make sure everything was just right. I'll always remember him for that. Prayers for the whole family during this time.
