“ Donald, you were definitely one of a kind, making everyone thinking you were the meanest man on earth, and everyone that knew you knew you had the biggest Heart of anyone, I will never forget when you hit my shorty with an empty roll of Christmas paper, and waited a year before he got you back. You and him were alot alike, never for getting any. I know you are in peace now and being with tep, and all that went before you are having the time of the after life. Just make sure you let everyone know I miss them and I will miss you, may you rest in peace and I will see you and all the loved ones again one day. Tammy and Arthur
