“ *Neva I just read about Flois. I am so sorry. In the years we worked together, I learned so much from your Mother. I considered her one of my dearest friends. Just watching her on a daily basis, practicing her faith in God. She made me a better person. She had love for everyone. She loved you so much and was blessed to be loved in return. Just know I'm thinking of you and so happy she was blessed with all those Grandchildren. Love you Neva. Byra*

“ *Neva, your dear mother helped open my eyes to the beauty of Fall for the first time when she and your father brought me home from a two week visit with family in Springdale. We took the Pig Trail and she kept saying how beautiful the leaves were. She was quite enamored. A young girl I had never really noticed until that day how truly magnificent Autumn in Arkansas could be! Now every Fall as the leaves begin to turn and my eyes open yet again to the breathtaking views around me I always think of her and I'm sure I always will. My most sincere condolences to you and your family for the loss of your beloved mother.*
