“ *Dear "apples of Harvey's Eye" ... Please accept my deepest sympathy in the loss of your beloved husband, father, and brother. I am so sorry. Your loss is deep and I know y'all will miss him sorely, as will his many friends, of whom I am one. I will always remember Harvey, in his "growing up" days in Elba, as one the sweetest, nicest, kindest, and friendliest people. He always had a smile and friendly greeting for everyone. "Earth's loss is Heaven's gain". And "To know him was to love him". May God be with all of you in your hour of sorrow, now, and in the days ahead, and comfort you with His Love and Presence. I pray for y'all "the peace which passeth all understanding". With love, prayers, and sympathy, Shirley Wise Morgan*

“ *My brothers and I were so sorry to hear of Harvey's passing. He always had a smile that was contagious to those around him. When my brother James Meacham was critically injured almost 40 years ago was transported to the hospital in Memphis, Harvey came to visit the family and brought his big smile with him. He immediately had helpful suggestions to improve the level of nursing care that was being given, and in no time had provided some much needed positive relief to our family who was going through such a stressful time. He will always be remembered fondly by myself, and my brothers James and John.*

“ I worked at City Hall when Harvey first became a council member. He was always a pleasure to work with, but my fondest memory was when I first encountered him in the ER. Seventeen years ago I brought my then 4-month-old baby there with a very high temperature. The moment I handed her off to him he said "she's going to be fine." I felt immediate relief and knew she was in good hands. He was a wonderful person and will be greatly missed.
