“ *I didn't know Carol had passed away. I'm very sorry to see this. Carol was a genuinely nice person with a great personality. I knew her and Joe for many years and will miss them both.*

“ *According to California birth records Iva Carol was born 29 November 1954. We took a trip to the ocean with Carol and Joe. Joe drank ocean water to see if it really was salty. They both went into the ocean and then could not get the sand off. Was so much fun and so funny. We ate our way thru California. Brittany still has the silky that Carol got for her when she was a baby and her daughter Amelia Jade loves it now. I collect thimbles and Carol gave me one out of the Hoing house. It had been used so often that the end wore thru. Still one of my favorites, sitting on a shelf. Carol always lived big.*
