“ *I am so sorry to hear of Jimmy's passing. I was in Boot Camp #452 and BT School Great Lakes with Jimmy way back in 1972. He was a great guy and I have always thought of him over the years. When we were 18 years old, Jimmy and I were stationed together in California while in the Navy. One funny memory is when we went to downtown San Diego and being that both of us were from small towns, we had quite an education of the "real world". I thank you for thinking of me to let me know of the passing of my old friend. My thoughts and prayers are with you all.*

“ My deepest sympathies to the family, My dad and I worked around James for thirty years. James was always a pleasure to be around and work with. He was very good at his craft and was always willing to help with anything where are crafts crossed paths. James was one of the good ones. I will miss seeing James on the job. Everytime I rolled up on a job and saw that old gooseneck storage tailer I knew there was a quality HVAC man on the job and a smile and hand shake to greet me when we bumped into each other. Rest in peace old friend.
