“ Kay was loved by so many. As we walk down memory lane to the Days of Our Youth there were so many joyous times, the many holidays we shared at the lake with family too many to count. As we all grew up into young adults and started our families we still had so much love for one another. We all worked to survive. We loved and raised our children and then we were blessed with grandchildren. It was a struggle sometimes to stay in touch to make sure that each one knew who their family was and where they came from. We all started in Bartlesville Ok. Our given name we proudly carried "ROE" . Our game was wahoo (on very well-crafted homemade boards) playing cards and Domino's. I love you like a sister even though we're only cousins your presence will be missed. My heart is sad to see you go. This journey has ended and a new one begins when you get there please tell all those that have gone before us we shall all meet again one day and until that day we will miss each and everyone of you
