“ OI Russle Sprout, how many fond moments and memories we've made throughout the years! Words cannot describe how much you will be forever missed and always loved... You are the only person I knew that could keep up w my level of love for hot/spicey foods, and especially the only person I know that could drink milk for any occasion! Every time I get into the spice cabinets and grab the "slap ya mamma" out I always think of you. You're the only human that had to have the local grocery stores order extra howg jowl for inventory so that they didn't get a good cussing from you, surprised that you didn't have them bring it to you w a gallon of milk to go along w it! We've had some of great and epic moments of history and you're in some of my most cherished memories forever and always. I hope you're enjoying yourself and reunion w miss Paige and Mr Pete! Give them extra love from me and thank Pete for heroically coming to rescue us girls and stomping that spider and let Paige know that my love for tie-dye is bc of her! I can't wait to hear all about it when we see you all again!

“ Anyone that was a friend of Russ Manns knows you can't just share one memory of him , you could write a book of them.lol If Russ was around, he would make sure he left a memory. He had a smile like no other and a heart as big as his mouth was at times. You couldn't help but love him, he was Russ! 40 something years of memories won't fit on this, but I'll cherish all of them. Love you russ
