“ *To the Bissell Family: I am so sorry for your loss! Mr. Bissell was my first 'boss' at the Corps of Engineers when I started working at the Mel Price replacement lock and dam in 1988. He was always so soft spoken, and yet you listened to what he had to say, because he was so knowledgeable and his responses were so well-reasoned. I respected him immensely! I can only imagine your loss as a family. God Bless!*

Judy, I spent a significant part of my career working with Jimmy at the Corps of Engineers on the Mel Price lock and dam construction. He was a good friend and a wonderful leader.

Judy, I too worked for Jim for 12 years. One could not find a better person to work for. Jim had a quiet strength about him that fascinated me. He was always in control of things.

*Great man and wonderful human being, Please be encouraged.*

*We'll see him again some day. Until then, my the Lord bless you and comfort you during this very difficult time for you.*
