“ *My uncle was always one of the few people I have ever known who always looked at the brighter side of any situation. You never saw him without that big wonderful smile that would brighten even the darkest of days. He was more of a brother and best friend to me than an uncle. He never judged me only tried to make me see what I may have differently. Thank God I have many,many fond and great memories of the wonderful man that I am so fortunate to call uncle. Rest in peace uncle Jimmy you will be greatly missed but forever in my heart.*
