“ *I stayed with Joe and Dorthy when I was an infant until I was 5. Joe would come home from the hwy dept and take me into the bedroom to nap or to his wood shed out back and we would play. I didn't know what molestation was until Mrs Ford's class in the 5th grade and our play time made awful reality become clear. And I my mom got mad at me and we lived forward, running into them at Cal Mart occasionally while everyone smiled at that nice old man.*
