“ *I am truly sorry for your loss, Joni was a beautiful soul! One of my favorite memories of her was all the way back in the fourth grade! We got to decorate our own Valentine's Day boxes at home and bring them to school for a decorating contest. She won first place with her box, a cute little love birds theme! I stayed the night with her that night, it was just me, her and her mom. Her dad and brother were away overnight somewhere. I remember Joni and I making no-bake oatmeal cookies by ourselves and I thought that was awesome (I was 9)! Another great childhood memory of her was going to her birthday party at ChuckE Cheese's in Fayetteville with a large number of girls all piled in her parents minivan going up the Pig Trail! That was before I49 was built and before there was a ChuckE Cheese in Fort Smith! If I am not mistaken we may have made that trip two years in a row?? I am in shock that she's gone too soon! Prayers to her family!*

“ Although I only knew Joni for a couple years, it felt like we had known each other forever. She welcomed me to Ozark with open arms and welcomed our boys into her home. She was a genuine bestfriend to me and to many others. I pray that peace and comfort will overflow this family during this most difficult time and the times to come. She is loved and missed by all. Forever and always you will be in my heart. I will always cherish and treasure our friendship and the memories we made.

“ I pray God gives each of you the peace and comfort you need during this incredibly hard time. I only knew Joni for one year, our Senior year, but after meeting her and having some classes with her I felt like I had known her for years. She just had this way of making you feel comfortable around her and she was always smiling and laughing! Joni is someone that I could never forget. My deepest sympathies to all who feel this great loss.

May God bless you and keep you always,
Amy

“ I am so terribly sorry for your loss. All I can remember right now through this shock is Joni's smiling face and laugh. Not a bad memory for sure. I graduated high school with her. I was made fun of a lot for being gay before I knew what gay was. She was so sweet, always took up for me, and made me feel welcome when few others stepped up. I have been extremely sad this week. I had not talked to her but maybe twice in the past 20years but feel the loss as if it happened when I saw her daily in school. My favorite quote is from Mother Teresa, "Joy is a net in which you can catch souls". I was blessed to be tangled in Joni's net for as long as I was. I cannot imagine how many others she caught in her net during her lifetime, but I would picture the net pretty full. My condolences to her family and all who shared their life with her. The world was and is a better place because she was in it. I believe that every act of kindness creates this amazing ripple effect that, without knowing, is felt by the whole world. We are only a product of our environment from life to death...so a huge thank you to all that influenced Joni to be the amazing woman she was. I know her youthful memory will stay with me as I remembered her, I am only sad that I could not have had more. With love and a big bear hug....Chad

“ Romans 8:28 And we know that in all things God works for the good of those who love him, who have been called according to his purpose.

I'm praying that God will bring peace to your family and loved ones during this time.
