“ *I haven't seen Kenny in quite a few years, but I still feel like yes the dad I never had. When we were 11-15/16ish me and Brandy were like sisters. He was always the best! And I always told her and Randy that they had the coolest dad. He always let us cruise his T top trans am up and down the the road just for something to do because he knew we loved that car 😊 It has been well over 10 yrs since I've seen him, but I definitely believe that if I saw him today he would still treat me like a daughter like he always did when we were young. My heart goes out to the family, he will always be your guardian angel and will forever be truly missed ❤️*
