“ It feels so un real. I still cannot believe she is gone. I'll never forget all the memories we had together growing up. Kira was the sister I never had. I remember all those times coming over and playing kitchen on your back porch, eating ramen noodles, and learning about this new cool way to make tuna casserole. I still think of her every time I make it. I remember those skate nights, going to Sea World together, and working at your dad's gas station during the Summer.

Though time caused us to drift away from each other, she never lost a place in my heart. She made a lasting impression on everyone she met and will never be forgotten. I love you Kira!
