“ Dear Margaret,
I miss you.
I miss the way your face lit up with a big smile when we would see each other.
I miss your enormous thoughtfulness.
I miss the way you were always there when I needed you and sometimes before I knew I needed you.
I miss your quiet kindness.
I miss seeing you zip around in your little orange car.
I miss your shining example of how to be a caring, loving and supportive friend, but I will never forget you.
I miss you.

“ In October 1973 I met Margaret Ann Marlar. Gary Lynn had been transferred to Ozark and we were looking for a home to buy. Bill Marlar had been transferred from Ozark back to Little Rock and had a home to sell.

November 3 when we opened the front door to our new home the gold shag carpet was immaculate without a footprint anywhere. The first of 7 houses we had lived in, that was in that nice condition!!!

About a year later, The Marlar family returned to Ozark and became our neighbors directly behind our house and we shared a walk-through gate between our yards in Faith Addition. Our daughters, Stacey and Christy were the same school age and started Kindergarten and finished Senior year at Ozark Public Schools together.

Margaret and I shopped together and shared sewing ideas. She was a devoted S & H Green Stamp saver, and we spent a lot of time deciding what we would ‘buy’ with our books of Green Stamps. From curling irons to fondue pots to footstools, they seemed to have it all. Bill and Gary talked vehicles and how Bill could fix anything we needed fixed!

Margaret was the neighborhood Garage Sale Queen and one of her garage sales is how we found the love of camping.....a large tent, Coleman cook stove and lantern.

When I left Bank of Ozark and went to work at Cargill, Margaret and I became co-workers. We were Beta Sigma Phi Sisters, neighbors and friends. With job changes and our moving to the farm in 1996 we didn’t see each other as often as we had, but we remained friends. In 2004 when Bill was in the hospital in Fort Smith Margaret called and said, “Judy, William is not going to make it.” I said, “I’ll be right there.”

I stopped by to see Margaret at Greenhurst, I want to believe that she knew me and wanted to communicate like old times.....sewing and shopping ideas and how we missed Green Stamps!!

There was ONE Margaret and there will never be another like her!!

I have missed you my friend and Christmas isn’t the same without

“ . But, Margaret Marlar was much aunt by marriage to my uncle Bobo. She was the sweetest person I have ever know or ever will. She would sew for Christy, and also buy enough to make my daughter outfits. She taught me things that my mom should have taught me. Aunt Blondie, as we called her, even bought Easter outfits for me and my siblings during our lives. She worked very hard all the time, and was a GREAT servant to our Lord, by helping those less fortunate. Heaven has gained an angel and we have lost our angel. I have not seen aunt Blondie in years, but I will never forget her. RIP aunt Blondie, I hope to see you again.

“ Margaret Marlar and her family moved next door to us when her daughter Christy was four and our daughter Tara was two. We became best friends as did Roger and William and our daughters. Margaret went to work at Cargill where Roger was the accountant. I started keeping Christy every day since I wasn't working at that time. Our families did everything together. Margaret was fun to shop with because we both liked to look at everything no matter what we were shopping for. Our little girls were sort of like sisters because they were both an only child. She was so good at sewing and crafting, kept a spotless house, and was an excellent cook. Roger was not good at doing jobs around the house so he always managed to get Bill to come “help” him which meant Bill did most of the work. They played golf together a lot. Our group of neighbors held garage sales usually at Margaret's. We always had cabbage patch stew, cornbread, homemade pimento cheese and dessert. Margaret insisted we store anything for the next sale in her attic. I don't know how it held it all. When we moved to Fayetteville we remained friends and I knew that Margaret would welcome me even if I just dropped in on my way to my mom's. I treasured her friendship and I will never forget her. Rest in peace, special friend, and say hello to our husbands in heaven.

“ Margaret was like a second mother to me for many years. She always made me feel welcome in her home. I remember how she loved her soap operas and sewing. May she rest in peace along with Bill.

“ *Margaret and I met at church in 2013. We almost immediately became friends. We spent many days and evenings together doing puzzles, shopping, working at church and visiting. She was a friend to me and my mother. Margaret was very talented. She made things for my grands and helped with anything she could. She was generous and kind. I have missed her so much at church. Loved her Amish bread! But most important she was one of God's children. I will always love her. Love Norma Sawrie*

This is my aunt by marriage, but she actually treated me more like a daughter. She taught me things my own mom did not. I called her aunt Blondie, which is another story. But, she was an angel on earth. I never heard her say a bad word about anybody or anything. She helped me get my first job.

I remember she bought me and my siblings Easter outfits once, but it was probably many times.

Anytime she would sew and make Christy clothes, she would make my daughter, Laurie an outfit.

I longer I lived, the more I realized how special she was and how she helped many people. She was DEFINITELY beautiful, inside and out. RIP Aunt Blondie, I love you. Your grateful niece, Gayle McCoy.
