“ Stoney held one of the most beautiful hearts I've ever known... He was hands down my very best friend and this world will not ever be the same again. Through every one of our ups and downs one thing was always guaranteed and that is the fact that in the end no matter what we still had real love for each other. He was the very best friend i could have ever asked for and we are all so blessed for the time we got to spend with him. He is far from gone. He will always be with us and I'll never believe any different. R.I.P Stoney! there was never any doubt that we shared the type of love that would hold a friendship together for eternity.
