“ Todd I miss you. You always had my back throughout it all and no matter what we considered each other famy. I could always trust you 100% We had our arguments but in the end those didn't effect our status with eachother. You were like a brother to all of us and you not sneaking into the bathroom window and us coming in w u right there watching over the house is so strange and very hard to get use to. I found the other headphone finally and I keep have gotten the marbles u left . Keep bringing them !! We know your still around And we love it for sure . U always have a place here at Mel's .
