“ *My dear Tomasa, I will miss you greatly. You became one of my best "friends" during my stay in the nursing home. Don't for get to tell Saint Peter that you love to color and hate yellow cheese. Much love from your friend.*

“ *Mi Tomasita...my heart is shattered into a thousand thousand acting pieces. I will always remember you my friend. My only comfort now is the thought that you have joined those pretty ladies in your photo that had proceeded you into that better place. I know you won't be shy about giving your opinion on your new situation as you see fit. Hopefully next time we meet you can give me an earful on what's been going on while you've been waiting on me. I love you dear friend and miss you terribly.*
