“ *Vickie and I were friends when we were in high school. We were in the same grade and we would both spend time at each other's house after school sometimes. She was very quiet unless you knew her. We lost track of each other for many years until one day I had a message on Facebook from her. It was good to talk about things in the past and of course the present. Rest In Peace my friend until we meet again. Corette Evans Cogburn*
