“ One special memory...Virginia working the soda fountain in Burns Drug Store on Saturday mornings when I went to work with my mother, I was probably five or six years old. I was allowed to go by myself to the drug store next door for breakfast. Virginia served me buttered toast and grape jelly. I can still taste that toast. She was a special lady in my life.

“ I became very fond of Virginia and her amazing family throughout the years. Spending a lot of my time at Ozark Recreation Association while growing up, and more specifically being around great people like her, molded me into who I am. She was always a friend and supporter of area youth and thanks to her and others like her, we had a great place to develop a passion for the game of golf. She will be sorely missed but will live forever in the minds of those like me that she influenced in such a positive way. Rest In Peace Miss Virginia. Job well done.
